**DNV**·GL

Certificate No: TAA00002GJ

# **TYPE APPROVAL CERTIFICATE**

This is to certify: **That the Pressure Switch** 

with type designation(s) **B1T, B2T Series** 

Issued to Barksdale GmbH Reichelsheim (Wetterau), Hessen, Germany

is found to comply with DNV GL rules for classification - Ships, offshore units, and high speed and light craft

#### **Application :**

Product(s) approved by this certificate is/are accepted for installation on all vessels classed by DNV GL.

-----

| Temperature | D        |
|-------------|----------|
| Humidity    | В        |
| Vibration   | Α        |
| EMC         | В        |
| Enclosure   | C (IP65) |

Issued at Hamburg on 2019-10-16

This Certificate is valid until 2024-10-15. DNV GL local station: Augsburg

Approval Engineer: Holger Jansen

for DNV GL

Joannis Papanuskas **Head of Section** 

\_\_\_\_\_

This Certificate is subject to terms and conditions overleaf. Any significant change in design or construction may render this Certificate invalid. The validity date relates to the Type Approval Certificate and not to the approval of equipment/systems installed.

Revision: 2016-12

Job Id: 262.1-032364-1 Certificate No: TAA00002GJ

#### **Product description**

Bourdon Tube Pressure Switch B1T, B2T Series

| Туре             | Range<br>[bar] | Switching diff.<br>[bar] | Test pressure<br>[bar] |
|------------------|----------------|--------------------------|------------------------|
| B1(2)T-x-12-GL   | 3,5 - 85       | 0.7 - 1.5                | 124                    |
| B1(2)T-x-12SS-GL | 3.5 - 85       | 0.8 - 1.9                | 124                    |
| B1(2)T-x-32-GL   | 11 - 225       | 1.0 - 2.1                | 331                    |
| B1(2)T-x-32SS-GL | 11 - 225       | 1.0 - 2.4                | 331                    |
| B1(2)T-x-48SS-GL | 17 - 340       | 2.8 - 6.0                | 496                    |

``x'' – switch type: B, H, J, K, M, GB, GH, GM, AA, HH

Output: 1 c/o-contact (B1T..), 2 c/o-contacts (B2T..)

Contact rating: typical values (H, J, M) 125 – 250 Vac /10A 6 – 24 Vdc / 0.5 A

Bourdon Tube:

Bronze = represents Phosphor Bronze Tube with SAE Brass Socket 316 = represents Stainless Steel Tube Socket

#### **Application/Limitation**

The Type Approval covers hardware listed under Product description. When the hardware is used in applications to be classed by DNV GL, documentation for the actual application is to be submitted for approval by the manufacturer of the application system in each case. Reference is made to DNV GL rules for classification of ships Pt.4 Ch.9 Control and monitoring systems.

## **Tests carried out**

Applicable tests according to DNVGL-CG-0339, November 2016.

## **Marking of product**

The products to be marked with:

- Model name
- Manufacturer name
- Serial number

Job Id: 262.1-032364-1 Certificate No: TAA00002GJ

## Periodical assessment

The scope of the periodical assessment is to verify that the conditions stipulated for the type are complied with, and that no alterations are made to the product design or choice of systems, software versions, components and/or materials.

The main elements of the assessment are:

- Ensure that type approved documentation is available
- Inspection of factory samples, selected at random from the production line (where practicable)
- Review of production and inspection routines, including test records from product sample tests and control routines
- Ensuring that systems, software versions, components and/or materials used comply with type approved documents and/or referenced system, software, component and material specifications
- Review of possible changes in design of systems, software versions, components, materials and/or performance, and make sure that such changes do not affect the type approval given
- Ensuring traceability between manufacturer's product type marking and the type approval certificate

Periodical assessment is to be performed after 2 years and after 3.5 years. A renewal assessment will be performed at renewal of the certificate.
